

Dear Parents,

We have received a number of queries about the two late buses that run from the School at 18.00 each evening. Clearly, it would not be practical for these buses to cover all the stops serviced by the main School bus service, or even the majority of them. However, the routes are designed to service as wide an area as we can. One bus runs west to Northants and the other east into Cambridgeshire. Both routes are available to Senior School pupils who hold a bus pass (including temporary passes).

Timetables are attached with stop locations listed. Hopefully, this will provide some clarity on the late bus service.

Kind regards,

Simon Richardson
Domestic Services Manager
